

## Fully Customisable

We can customise the system based on type and number of cameras to satisfy your requirement.

Camera options:

- 1- Fixed 4K Quality
- 2- Fixed 5 MP Quality
- 3- Fixed Vandal proof Dome 5MP Camera
- 4- Rotating / Tilting PTZ HD Quality
- 5- Fixed Bullet HD Quality

## Mobile Application

- The most user-friendly mobile application on the market!
- See all cameras live on one screen
- Quick access to SD Card and Cloud recorded events
- Ability to communicate with the other side of the camera
- Alarm notifications sent straight to your device
- iPhone, iPad, Android and Windows compatible.
- All iZonU systems come with the fully integrated App set up to your customised camera system and ready to go. Changeable passwords provided.

## Night Vision Quality

- HD Quality - Full Colour / Black & White
- Motion detection of more than 10 m

## iZonU Start

**iZonU Start** comes with 3 cameras, 2 bullets and one PTZ. iZonU Start is absolutely off-the-grid (no hard-wired power or internet). This innovative multiple-camera CCTV system is powered by the most advanced Lithium battery pack and uses high quality cameras all packaged in a powder coated aluminium frame.

## iZonU Start +

**iZonU Start +** comes with an additional super bright Flood Light to enhance night view and to light up the detection zone!

## iZonU mini PTZ-4G

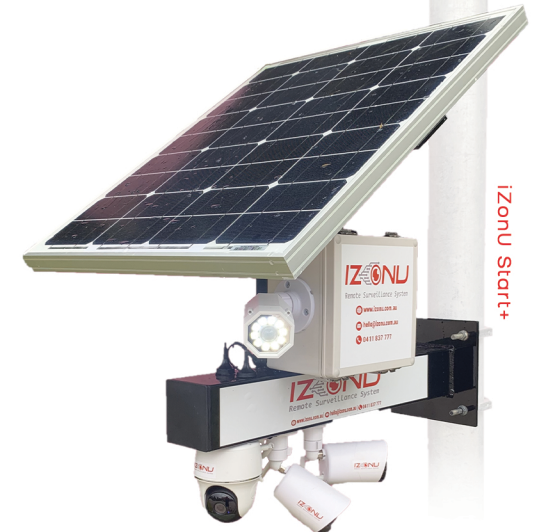

- Standalone 4G camera with three layers of backup battery to provide you with peace of mind for more than 5 days of no sunlight!
- Options for Fixed Bullet or Rotating PTZ camera.
- "Install Anywhere" design and light weight, so you can take it with you where required.
- Industrial IP65 design for long life and durability
- Adjustable Solar panel
- Removable Solar Panel if the installation location does not get adequate sun light, up to 3m cable length
